Noor R abady 

CAREER OBJECTIVE

- Bioinformatics skill
- Computerizing skill

Education

- Bachelor Of Veterinary Medicine 2009.
- Worked to build robust case studies on successful Master in Molecular Microbiology Griffith university Australia.
- Doctorate in Molecular Virology College of medicine Babylon university
-

Publications

- Comparative studies between using antimicrobial effect with silver nano particles effects for e. coli
- Epidemiological and Clinical Comparative Study for COVID-19 Patients in Babylon Province, Iraq.
- Antimicrobial Effect of Silver Nanosilver Particles on Multi-Drug Resistant Isolates of *Kluyvera Cryocrescens* and *Citrobacter Freundii*.
- THE FREQUENCY OF *ebpS* AND *V8* GENES IN *STAPHYLOCOCCUS AUREUS* ISOLATES FROM

CONTACTS

Microsoft	

Publications

- Genetic characterization of a Neisseria meningitidis cluster in Queensland, Australia.
- Clinical features associated with Severe Acute Respiratory Syndrome (SARS-COV2).
- Detection of missense and frame shift mutations in envelope proteins using molecular phylogenetic SARS-COV-2.
- Genetic Detection and Phylogenetic Tree Study for SARS COV-2 (N Gene) In Iraq.
- EFFECT OF SILVER NANOPARTICLES ON BIOFILM FORMING CITROBACTER FREUNDII ISOLATED FROM DIFFERENT SOURCES

- Genetic Detection of Leishmania Tropica in Clinical Samples from Patients with Cutaneous Leishmaniasis by Using Conventional PCR and RT-Time PCR.
- Bio-Green Synthesis Silver Nanoparticles Mediated by Cloves Seed Extract (Syzygium Aromaticum) and Antibacterial Activity on MDR Staphylococcus Aureus.
- IL-18 Act as a Costimulus for Production of Interferon Gamma During Stimulation by
- COMPARATIVE STUDY OF PHYLOGENETIC ANALYSIS OF SI GENE OF INFECTIOUS BRONCHITIS VIRUS ISOLATES FROM IRAQ WITH THE SELECTED STRAINS (GENEBANK).
- EFFECT OF SILVER NANOPARTICLES ON BIOFILM FORMING CITROBACTER FREUNDII ISOLATED FROM DIFFERENT SOURCES.
- A review on novel Coronavirus worldwide distribution and public heath concerned.
- COMPARATIVE STUDY AND PHYLOGENETIC ANALYSIS OF A BIOFILM PANTOAE SP. WITH UNPUBLISHED STRAINS FROM GENE BANK.
